

FOOD SAFETY POLICY

Food Safety Management System · EN ISO 22000:2018

The Management of NUTEXA INGREDIENTS, S.L., engaged in the manufacture of blends of food ingredients and additives in industrial packaging for use in the food industry, as well as in the design, formulation, manufacture and marketing of food and nutraceutical ingredients, hereby establishes the guidelines that govern its activity and its commitment to food safety.

Our purpose

This Policy provides the framework for setting and reviewing the organization's food safety objectives, and is aimed at:

- **Ensuring** the continual improvement of our products and of the service provided, satisfying our customers' requirements and the applicable statutory and regulatory requirements.
- **Achieving** a high level of food safety in all our products.
- **Offering** products that meet our customers' demands through continuous, personalised contact.

Management's commitments

Taking as its reference the Food Safety Management System in accordance with the EN ISO 22000:2018 standard and the principles of the Hazard Analysis and Critical Control Points (HACCP) system, Top Management undertakes to:

- **Comply with and enforce** the applicable food safety requirements, including statutory and regulatory requirements and those mutually agreed with our customers.
- **Lead** the development, implementation, maintenance and continual improvement of the effectiveness of the Food Safety Management System.
- **Ensure** effective communication, both internal and external, of information relevant to food safety throughout the food chain.
- **Ensure** the competence of personnel through ongoing training, fostering a strong food safety culture based on values, beliefs, norms and behaviours that translate into real and lasting change.
- **Guarantee** that our products neither contain nor are derived from genetically modified organisms (GMOs), ensuring their traceability and declaration.
- **Apply and enforce** Good Manufacturing and Handling Practices, acting at all times with a preventive mindset.
- **Maintain** ongoing contact with our customers and the market in order to anticipate and adapt to their needs.
- **Set and annually review** measurable objectives aimed at ensuring food safety.

Review and communication

Management periodically reviews this Policy to ensure its continuing suitability. The Policy is communicated, understood and applied at all levels of the organization, is maintained as documented information and is available to relevant interested parties.
